TOGGERY NO. 1 HAS RICH ORE

James Grimes, who is working a lease at Gold Mountain, came in yesterday bringing with him a number of high grade samples from a ledge at the bottom of a 40-foot shaft. The ore exhibited is regular picture rock and the average will go high. The ledge is about three feet in width and is rapidly increasing. Mr. Grimes has considerable ore on the dump and will in the near future make a shipment. The lease is known as the Toggery No. 1 and is owned by a number of Tonopah people.

FORMER NEVADAN VISITS THE STATE

T. WALTER BEAM IS AMAZED AT WHAT HE SAW IN TONOPAH.

T. Walter Beam, a prominent mining man now of Denver, Colorado, arrived in this city yesterday. Mr. Beam is an old Nevadan, having operated in Pioche in the early '70s, and during the flush days of the Comstock was a resident of Virginia City. He has operated in many camps in the United States and Mexico and is well known to men in the mining world.

"I was in Tonopah some three years ago," said Mr. Beam, "and I can truthfully say that I am impressed with the growth of your camp. There is an air of stability about it that you will not find in the average mining camp. The buildings that I see would be a credit to many cities three or four times the size of Tonopah. I had the pleasure yesterday afternoon, through the courtesy of General Manager John G. Kirchen, of visiting the Tonopah Extension mine and exploring its vast workings. It was certainly a revelation to me. Last evening in company with W. W. Booth, I made a tour of inspection of the Montana-Tonopah mill. Edgar A. Collins, the superintendent of the mine, is an old friend of mine, I having known him in Telluride, Colorado. The mill is one of the most perfect I have ever seen. I am informed that the process used is capable of saving the highest percentage of silver values anywhere in the world. The extraction at the mill the last month was a trifle over 90 per cent, which is really remarkable."

Mr. Beam will leave this morning for Goldfield and from thence to the Bullfrog country, returning he will visit Bovard and Rawhide. He says that in the hotel lobbies in Denver and in eastern cities much talk is heard of Nevada mines and he believes that a glory greater than that of the early Comstock days is in store for this state in the future.

THOMAS CAR STILL IN LEAD

The latest news of the New York to Paris race places the Thomas car as again ahead of the Protus, and the last report gave it a lead of one day.

The Thomas caught the German car and passed it just outside of Kayinsk. The Protus had been racing all night at a good speed, when suddenly the driver saw the Thomas car two miles behind. Then began the first real neck to neck of the contest. Lieutenant Koeppen, running on high speed, threw open his throttle, Schuster opened his likewise. For fully fifteen minutes the two snarling, puffing machines shot through the darkness at break-neck speed, and slowly the Thomas began to show a visible gain on Germany's champion. Finally the American machine poked its nose right up to the German's gasoline tank and Lieutenant Koeppen drew his machine aside to give it the road."

FIREMEN TO MEET.

There will be an important meeting of members of the volunteer fire department this evening at the fire house at 8 o'clock. These meetings are of a very interesting character and as business out of the ordinary routine is to be transacted, each and every member should cancel previous engagements and attend.

TONOPAH MAN IS PARDONED

H. VAUGHN IS GIVEN FREEDOM.—ETTA COLE MUST SERVE SENTENCE.

CARSON, July 15.—The Nevada board of pardons acted on eight cases, two of the applicants being pardoned, five were denied, while the remaining one was paroled.

Harry P. Brown of this city and sentenced for embezzlement, was pardoned, effective at once, and has already been released. A man named H. Vaughn from Tonopah, but sentenced under the name of H. Bond, was also pardoned. Vaughn committed a burglary at Tonopah while intoxicated.

Etta Cole, a Tonopah woman serving time for receiving stolen goods, and who was involved in a knockout drop case, was denied a pardon. P. W. Bennet, sent from Tonopah for seven years for burglary, was also denied a pardon. George Bojovich was also denied a pardon but given the privilege of applying again at the January session of the board.

H. H. Hawley, who was sentenced to one year and a half for embezzlement, was paroled on condition that he give \$25 a month toward the support of his mother. The applications of Martin O'Brien, the Rawhide attorney, and P. Thomas were denied.

The full board was present, Governor Dickerson, Chief Justice Talbot, Justices Sweeney and Norcross and Attorney General Stoddard.

Harry Vaughn, who was sent to the state prison from here, was Tuesday pardoned by the state board of pardons. Vaughn was arrested on October 4, 1905, for entering the Richards hardware store. When arrested a number of guns and other articles which he had stolen were in his possession. Prior to this he had served a sentence in the Belmont jail, which at that time was the county seat of this county.

CASE DISMISSED.

The second trial of E. W. Smith, charged with malicious mischief, was held yesterday morning in Judge Brissell's court and again the jury was unable to agree and the case was dismissed.

SCOTT HICKEY MAKES STRIKE.

Scott Hickey, an old-time prospector in the Gold Circle district, has made a strike about ten miles from Midas, near the head of Rock creek, that is attracting considerable attention. It consists of an alluvial deposit of gold, bedrock being reached at a depth of from four to six feet. Hickey has installed a sluice box and the first clean-up has been very satisfactory.—Elko Free Press.

RUNAWAYS ARE TOO FREQUENT

HABIT OF ALLOWING HORSES TO STAND UNHITCHED SHOULD BE STOPPED.

The habit of allowing horses to stand unhitched while the drivers thereof proceed to the interior of business houses or thirst emporiums should be discontinued. A gust of wind, the chug of a motor or any other out-of-the-way noise is liable to frighten the animals and away they go pell mell, endangering the lives and limbs of pedestrians. If there is no ordinance to cover this there should be one adopted.

Yesterday morning a horse attached to the National Ice company's wagon was standing near the sidewalk on Brounher near the intersection of Main, when a passing auto frightened the animal. He immediately made a spring, breaking the whipple tree, and darted up the avenue with the driver chasing him. He was captured at the corner of St. Patrick street.
